This appointment shall herein after be referred to as “the Mandate” or “the Agreement”.

This Mandate is given to the Attorneys under the terms and conditions set out hereunder, in addition to the terms and conditions set out in Annexure “A” hereto:

1. The Mandate shall serve as the requisite authority to proceed to the final end and determination of the matter (or matters) referred to above, unless this Mandate is terminated in writing before such final end and determination.
2. The terms contained herein will be applicable to the matter presently referred to the Attorneys by the Client as set out above, as well as any matter/s incidental thereto or additional / subsequent instructions the Client may give to the Attorneys either in their personal capacity or in their capacity as representative of another person or in their capacity as representative of any business and / or juristic person.
3. In the event that the Client signing this on behalf of a legal entity or any (other) person (whether natural or juristic), the Client warrants that s/he has the necessary authority to do so and s/he accepts that s/he will be jointly and severally liable for the due and proper payment of the Attorneys’ accounts, bills of cost, fees and disbursements.
4. The Attorneys’ rates and fee structure are strictly based on the guidelines published by the Cape Law Society (from time to time) in respect of non - litigious matters, regardless of the nature of the services rendered. **A copy of the applicable guidelines as at the date of signature hereof is annexed hereto, marked “B”.**
5. The Attorneys reserve their right and the Client hereby consents thereto that the Attorneys may run a credit check and/or trace report or any report so required to collect any outstanding amount owing to them before commencement of this agreement or at any time thereafter should it become reasonably necessary to do so as determined in the Attorneys’ sole discretion.
6. The Client shall pay or cause to be paid to the Attorneys an initial deposit upon signature of this Agreement in the amount of R \_\_\_\_\_, which amount is to be held in trust (the trust account details of which are listed below) and will be applied towards accounts, bills of cost or fees and disbursements from time to time in accordance with this agreement. \_\_\_\_\_ **Initial**

7. The initial deposit referred to above is not a price quotation of any kind, but a deposit the Attorneys require in order to cover the on-going disbursements and to use as security for their fees (including accounts and bills of cost), based on the nature of their profession. The deposit will be held in trust (in their trust account) and will be applied towards any accounts, bills of cost or fees and disbursements arising from or incidental to the services rendered to Client. **Client hereby authorises the Attorneys to retain or set-off against this or any deposit from or accruing to the Client, however arising, any amount owed by the Client to the Attorneys.**
8. The Attorneys may request additional deposits from Client as and when they deem it necessary to do so in anticipation of the existing deposit being depleted and such additional deposits shall be payable and be thus be paid by the Client on demand.
9. Estimates of fees and / or disbursements are subject to change and are given for guidance only on the basis of information then known to Attorneys.
10. It is recorded that the Attorneys do not render any service on a contingency fee basis unless otherwise agreed to in writing and signed by the Client and the attorney handling the matter.
11. All accounts are payable strictly on presentation and all overdue amounts will bear interest at 12% per annum. In addition, interest at the same rate shall be payable on all disbursements incurred on Client's behalf.
12. It is understood that the Attorneys cannot predict the course of litigious matters, alternative dispute resolutions, applications (including without limitation immigration permits, related matters and CIPC applications / registrations) as well as matters involving negotiations and can therefore not, and will not, guarantee the outcome or the duration thereof.
13. The Client further understands that party and party costs (generally awarded by a court to a successful party) are generally lower than the Attorneys' fees (attorney and own client fees based on the Cape Law Society's guidelines, referred to in paragraph 4 above). Accordingly, Client will be liable for payment of the Attorneys' accounts, bills of cost or fees even though such will most probably be higher than the statutory tariffs, and regardless of the outcome of such matter.
14. Client understands that if s/he is successful in litigation or in an alternative dispute resolution forum (*quasi judicial* body / tribunal), s/he may be entitled to an order for the payment of his/her costs by another party, subject to the following considerations:
  - 14.1 Such an award is at the discretion of the Court or forum;
  - 14.2 *Quasi judicial* bodies, alternative dispute resolution forums and other tribunals usually do not make costs orders;
  - 14.3 Client will be personally liable to the Attorneys for their account, bills of cost and all of their fees, disbursements and other costs, regardless of any order made against his/her opponent;
  - 14.4 If Client's opponent is funded by legal aid or is otherwise indigent, Client is unlikely to recover any costs even if s/he is successful; and
  - 14.5 The opponent may be unwilling or unable to pay either the sum for which Client has been given judgement or the costs s/he has been ordered to pay. In that event Client will still be obliged to pay all of the Attorneys' account, bill of cost, fees, disbursements and other costs.
15. Notwithstanding the fact that the Mandate may relate to work of a litigious nature for which fees are prescribed in terms of statutory tariffs, Client acknowledges that they are aware of the aforementioned statutory tariffs and that the sums payable by them in terms of this Mandate will be in excess of those prescribed in terms of such statutory tariffs. The fees payable in terms of the Mandate will furthermore be based upon the guidelines laid down from time to time by the Law Society of the Cape of Good Hope in respect of non- litigious matters. Client acknowledges that the

limitations prescribed by the High Court Rule 43 shall not apply and authorizes the deduction of such fees and disbursements payable by them hereunder from any sum to which they may be entitled arising from the execution of this Mandate.

All the accounts, bills of costs or fees and disbursements payable by Client in respect of services rendered will be assessed, debited and/or taxed in accordance with the guidelines laid down from time to time by the Law Society of the Cape of Good Hope ("Law Society") in respect of non - litigious matters. The Client will at all times be deemed to have familiarised themselves with the said Guidelines. The Attorneys will accordingly escalate their fees annually on or about March every year and/or as and when the Law Society revises its Guidelines. The revised guidelines will be made available to the Client on request but the Attorneys shall be under no obligation to provide same to Client, unless so requested as the guidelines are publically available on the Law Society's website or obtainable from the Law Society. The applicable Guidelines as at date hereof are attached, marked "B".
17. The Attorneys may, as the Client's agent and Client's behalf and at their sole discretion, appoint any service providers they deem necessary including, without limitation, any correspondent attorney(s), advocates and cost consultants.

20. The Attorneys may withdraw as attorneys of record or terminate this Mandate for good cause by giving Client written notice at the last known email or physical address, *inter alia*, in the event that:
  - 20.1 Of Client's failure to pay any account, bill of cost or fees or disbursements / deposit timeously in terms of the Mandate; or
  - 20.2 If Client fails promptly to supply any information or instructions needed by the Attorneys in order to act on Client's behalf or if Client fails to advise the Attorneys immediately of any relevant change in circumstances; or
  - 20.3 If the Attorneys determine, in their sole discretion, that they are not in a position properly to perform the Mandate given by Client;
  - 20.4 If Client fails to furnish the Attorneys with instructions after having been requested to do so, in writing; or
  - 20.4 The Attorneys consider, at their sole discretion, that any part of the conduct required to be undertaken by them is inappropriate.
21. The Attorneys shall be entitled to retain all documentation in their possession, whether prepared by them or not and/or any monies retained in their trust account on Client's behalf or in relation to such matter which has been retained for some other purpose than the payment of the Attorneys' account, bills of cost or fees and disbursements until the full amount outstanding in respect of such account,

bills of cost or fees and disbursements together with interest thereon is paid in addition to the full payment of any costs incurred or fees occasioned by the collection of the full outstanding amount.

## ANNEXURE “B” - THE LAW SOCIETY OF THE CAPE OF GOOD HOPE 2012

---

### Guideline for Taxing Committees For the Assessment of Non Litigious Fees Effective from 1 July 2012

---

#### 1. APPLICATION OF THE GUIDELINE GENERALLY

- 1.1 Council and members of the assessment committees have concluded that ideally members should be remunerated at a rate determined by the principles enunciated in Rule 17.2 applied to the time which could reasonably be expended in accepting and completing a particular mandate.
- 1.2 Committees required to assess bills of cost should accordingly be placed in a position to:
- 1.2.1 Establish in respect of each service performed a time-related ‘rate for the job’; and
- 1.2.2 Assess the time that could reasonably have been devoted to such job.  
and in making these assessments the committees must have due regard to the factors set out in paragraph 1.6.2.
- 1.3 Council recommends that members, notwithstanding the fact that they may intend submitting a ‘lump sum’ account to the client, keep a contemporaneous note of the services rendered and, in particular, of the time involved, in the performance of their services. When submitting their initial accounts for taxation, members should specify all time-periods, numbers of folios (a folio consists of 100 words) and details of the work performed, in respect of every item of the account, to enable the Committee to make its assessment.
- 1.4 Members should bear in mind that the fees reflected hereafter include the cost of drawing and attending taxation of bills submitted to Council for taxation. Please note that the fees in this guideline are exclusive of VAT.
- 1.5 The client, or other party liable for payment of the costs, is entitled to information to reasonably know that a fee is fair and reasonable:
- where it appears to the Society that a member may not have furnished sufficient information, the Society may call upon the member to do so and failure on the part of the member may be treated as unprofessional conduct;
  - on taxation, the taxing committee may, if it is satisfied that the member had timeously furnished sufficient information, direct that the client or other party concerned, bear the member's cost of drawing the Bill and attending taxation in the event of the fee being upheld or vice versa;
  - members are in all cases limited to the fee as originally proposed, invoiced or debited, which may be reduced on taxation if the Taxing Committee so deems fit but which may not be increased on taxation; provided, however, that if the Taxing Committee is satisfied that the member had timeously furnished sufficient information as above required and unless the bill is assessed in an amount substantially less than the fee originally proposed by the member, the Committee may increase its assessment by an amount of 5% of the fee so allowed for the purpose of compensating the member for the cost of drawing the bill and attending taxation;
  - in the event of the fee being reduced on taxation the matter may be referred by the taxing committee to the disciplinary committee for investigation of possible dishonest, unworthy or unprofessional conduct; provisions of this paragraph shall mutatis mutandis apply in respect of fees and taxation of bills between attorney and client regarding litigious matters.
- 1.6 In assessing a fair and reasonable fee the responsible committee, while not obliged to, will invariably apply the guideline applicable to Research, Appearances, Consultations, Drafting Written Opinions

and Attendances, which is considered by the various Committees to reflect a reasonable parameter of charges, but which is in no way binding either on the lower or upper scale.

Initial

- 1.7 With a view to affording the practitioner reasonable and adequate remuneration for the services rendered by him, the committee, as the case may be, shall, on every assessment, allow all such fees and disbursements as appear to it to have been reasonable for the performance of the work concerned, and in so doing shall take cognisance of the following:
  - 1.7.1 The amount and importance of the work done;
  - 1.7.2 The complexity of the matter or the difficulty or novelty of the work or the questions raised;
  - 1.7.3 The skill labour, specialised knowledge and responsibility involved on the part of the practitioner
  - 1.7.4 The number and importance of the documents prepared or perused, without necessarily having regard to length;
  - 1.7.5 The place where and circumstances in which the services or any part thereof were rendered;
  - 1.7.6 The time expended by the practitioner;
  - 1.7.7 Where money or property is involved, its amount or value;
  - 1.7.8 the importance of the matter to the client;
  - 1.7.9 The quality of the work done;
  - 1.7.10 The experience or seniority of the practitioner;
  - 1.7.11 Any tariff of fees approved by the Society or any competent authority for the sole purpose of serving as a guide to practitioners;
  - 1.7.12 Any tariff of fees prescribed by the Council in accordance with the provisions of section 69(d) of the Act;
  - 1.7.13 And whether the fees and disbursements have been incurred or increased through over caution, negligence or mistake on the part of the practitioner;
  - 1.7.14 Any material change in the purchasing power of money since the promulgation of the applicable tariff of fees framed in terms of sub-rules 17.2.11 or 17.2.12.
  - 1.7.15 Any other factor which is deemed relevant.
- 1.8 When called upon to do so, practitioners are obliged to attend the assessment of bills relating to matters that they have handled or to send a professional member of the firm who has *real* knowledge of the matter and is in a position to assist the panel.
- 1.9 Where a practitioner does not attend a taxation when called upon to do so or where he does not send a member or candidate attorney from his firm who has any real knowledge of the matter, the Committee may refuse to tax the Bill.
- 1.10 Members wishing to have their disbursements assessed must attach their vouchers.
- 1.11 The Society will only accept bills submitted by members and not by drawers of bills of costs/professional cost consultants. When a member submits a Bill, which has in fact been drawn by a cost consultant, the member must endorse to Bill to the effect that it has been prepared in accordance with his instructions and that he accepts responsibility for it.

A member may be accompanied by a cost consultant at the assessment of a Bill of Costs. The cost consultant may, however only address the Committee to the extent permitted by the presiding chairman having regard to the nature and complexity of the matter.

Whenever a detailed account is submitted for taxation, members are required to –

- (a) Submit **five** copies of the detailed bill of costs to the Society in Cape Town. Cape Town practitioners should submit the record file to the Society as well; in the case of practitioners in

Port Elizabeth, Grahamstown, Kimberley and East London, the practitioner should retain the file until it is requested by the local assessment committee;

- (b) Number every item in the bill;
- (c) Specify all time-periods, numbers of folios (a folio consists of 100 words) or details of the work performed, in respect of every item on the account;

\_\_\_\_\_

**Initial**

- (d) Ensure that the file is in date order;
  - (e) Ensure that any drafts etc are clearly marked 'First Draft', 'Second Draft' and so forth;
  - (f) Ensure that amounts for fees and disbursements are totalled at the end of the Bill;
  - (g) Furnish copies of all previous accounts rendered in respect of services described in the bill;
  - (h) Submit a one page (two and a half folios) memorandum of the work done;
  - (i) Identify the person who has done the work and his/her seniority;
  - (j) Indicate whether the bill has been paid.
- The Taxation Committees have requested that the Society return for re-drafting any bills which do not comply with these requirements.
